

EzFaxCenter

MAXIMIZE PRODUCTIVITY, MINIMIZE WASTE

WCS' EzFaxCenter is a digital faxing solution that increases office efficiency, improves office organization and reduces operating expenses. By instantly delivering and receiving digital faxes through your computer, you can eliminate the costs associated with traditional fax machines and better manage the documents you send and receive. WCS' EzFaxCenter maximizes productivity to help your business save time and money.

- Send and receive at EzFaxCenter.com
- Manage user preferences at EzFaxCenter.com
- Automatic re-attempts
- Broadcast faxing
- Standard and custom cover pages
- Supports account billing codes
- Renders faxed documents in PDF, TIFF
- Attach documents in PDF, TIFF, GIF, JPEG, PGN, EPS, Word, Excel, PowerPoint, HTML, XML, XLS, RTF or text formats

Increase Efficiency:

- Monitor transmission status without leaving your desk
- Send faxes to multiple recipients simultaneously
- Send and receive faxes remotely
- Easily search for past sent/received faxes on your computer
- Generate automated notifications about sent and received faxes

Improve Organization:

- Reduce clutter by storing faxes on your computer instead of your desk
- Protect privacy by confining faxes to your computer
- Archive sent and received faxes for future reference

Reduce Operating Expenses:

- Eliminate the need for fax equipment, maintenance and toner
- Send and receive faxes from anywhere without incurring long distance charges
- Cancel your dedicated fax line
- Provide remote and off-site employees the ability to fax without purchasing fax machines
