

Consolidated Billing

**125 CARRIERS. 130 SERVICES.
1 CONSOLIDATED INVOICE.**

SERVICE OVERVIEW

With WCS' ABACUS Consolidated Billing, you receive a single monthly invoice for all carrier products and services. ABACUS is designed to provide customized billing records and reports that enable you to more effectively manage the invoice payment process across multiple cost centers and multiple accounting codes. Combine WCS Enterprise-View TEM (Telecom Expense Management) with ABACUS to provide both Accounting and IT, unparalleled control of telecommunications inventory and assets.

At WCS, we understand no two customers needs are identical, that's why WCS customizes the output of each clients records in a manner that seamlessly integrates with WCS-Enterprise-View, customer owned or 3rd party inventory and accounting platforms. All this plus dedicated customer account teams designed to ensure every trouble, MACD and account event is tracked, reported and documented you way!

The ABACUS (Accounting, Billing and Carrier Utilization System) billing system is a powerful web-based solution for automated billing, provisioning, and customer service.

ABACUS supports all WCS-billed products including local exchange, long distance, data, internet conferencing and enhanced voice services. Utilizing only Internet Explorer, ABACUS allows for simple, easy to navigate bill management with no additional software or training required to manipulate and evaluate call/circuit/service data. The system consists of three different web interfaces for corporate multi-location business. Your employees will have access to whatever parts of your data you wish them to have. Customers are better served with ability to see

all the information desired by location or on a global account basis. You can self-manage account functions and manage cost/expense data at any level desired. ABACUS is designed in a manner that promotes customer-specific invoice customization and can be designed for each WCS customer to meet even the most demanding company's specific needs.
