

THE 21ST CENTURY COMMUNICATION SOLUTION WCS GLOBAL HOSTED PBX

WHY WCS GLOBAL HOSTED PBX?

- Get Broadband Internet and Telephone with One Connection
- Reduce Costs and Improve Cash Flow
- Eliminate Obsolescence
- Effortless Moves, Adds and Changes
- Powerful Security, Quality and Reliability
- Simplify Relationships, Equipment, Providers and Process

Moving to WCS' Global Hosted PBX does away with your need to purchase, install, and maintain a premise-based phone system. Dramatically reduce capital expenditures, eliminate recurring maintenance charges, and lower overall monthly costs — all harnessing the power of the cloud and protecting your company against obsolescence.

Unmatched Savings:

WCS' Global Hosted PBX Service is designed for cost savings every step of the way:

- Drastically reduce capital investment
- Eliminates costly maintenance contracts
- Deal with one vendor for all of your telecommunication needs
- Bundled monthly pricing includes unlimited local calling, regional and domestic US calling
- Scales to meet company growth needs — Easy adds, moves, and change at a single location or multiple locations

“ One contact, one contract, one connection — meets all your communications needs.”

- Built-in Disaster Recovery with no cost
- Telecommuters link in via broadband and utilize the corporate phone. Eliminates the need to reimburse costly phone calls
- Streamlines and simplifies the administration of the company phone system

“Not only has the service and support been reliable, but Hosted PBX allows us to become more efficient in our day to day activities. WCS is more than just our provider, they are our partner in technology.”

David Zukher, Weisburg & Zukher, PLLC

HOW IT WORKS

Utilizing high-speed IP (Internet Protocol) connections, WCS Global Hosted PBX provides a secure, cloud-based platform to replace your existing phone system. WCS Global Hosted PBX includes secure, reliable, high-speed, point-to-point connectivity with a connection. Voice calls travel over a dedicated IP connection, allowing WCS to manage Quality of Service.

Installation is easy with plug and play phones and WCS support staff available every step of the way.

Once you're up and running, WCS' award-winning customer support is there for you 365, 24x7

SIMPLIFY & SAVE

WCS enables small and mid-sized businesses to leverage advanced IP technology for a total communications solution, reducing or eliminating capital expenditures, generating monthly savings, and delivering unmatched features and functionality. With it, you will see an immediate impact on your business:

- Total Cost of Ownership is reduced—with a clear ROI.
- Bottom line savings begin immediately with predictable bundled pricing.
- On-demand web tools that enable you to manage your phone system — whenever you need to.
- Robust broadband access helps you take full advantage of the power of the Internet.
